

Krell Showcase DVD

Great home theater begins with a great source component. The Krell Showcase DVD delivers the highest quality video and audio source signal possible for today's high performance home theaters.

Video images and movie soundtracks come to life through the use of high bandwidth circuit architecture.

The Showcase DVD player leaps to the forefront of video technology with HDMI™. The high definition resolutions achieved by this innovation fully exploit the performance advantages available from today's digital TV's and projectors.

Experience the Showcase advantage in your system.
